POLICY OF CONCESSIONS WISE IS OFFICIAL VIEW: CRAIGIE-ARITA PARLEYS DISCUSSED BY BARTLETT

The Burma Road Closure

CHUNGKING BELIEVES JAPAN AT END OF HER TETHER:
See Back Page, Columns 3 and 4.

LONDON, July 16 (Reuter)—MR. VERNON BARTLETT, writing in the News-Chronicle, dealing with the Craigie-Arita conversations, sets forth the following arguments in favour of concessions to Japan:—

Firstly, Britain is involved in war in the North Sea and the Mediterranean. It would be very dangerous if she is also involved in a war in the Pacific. It would not be to the advantage of China if, by assuming too many obligations, Britain suffered a defeat.

Secondly, the closing of the Burma Road will definitely be limited to a three-month order to see whether a general settlement can be negotiated.

Thirdly, the Germans are anxious to see the British caught up in a Far Eastern dispute, and that is the important reason why we should avoid one.

Fourthly, no settlement will be complete without China's consent.

Mr. Bartlett continues that there is general agreement that the Japanese are not taking advantage of the trouble in Europe, but there is a difference of opinion as to whether the Japanese demands are likely to become more sweeping and more insistent, if they are answered by concessions. The official view is that the policy of concessions is wise. Others, remembering the fate of that policy when adopted to Germany, to Italy, or towards Japan herself in the past, are more sceptical.

The Chinese in no way share the view that the closing of the Burma highway would make an immediate difference to them. American unofficial comment has been decidedly critical, but American materials, of great value in waging war, are still being despatched to Japan and it remains true that Britain would fall in with any definite policy advocated by the State Department.

AMERICAN VIEW

Official American view appears to appreciate the British arguments. Mr. Bartlett was astonished that apparently no steps were taken to inform the Soviet of the British difficulties and deliberations in the Far East.

Mr. Bartlett points out that much of the material which passes the Burma Road is Russian.

The British Ambassador, Sir Stafford Cripps' mission to Moscow, and such actions as Mr. Churchill's recent discussions with M. Molotov, the Russian Ambassador, produced an improvement in Anglo-Russian relations which was clearly causing anxiety in Berlin.

But those who control British foreign policy have apparently not thought it worth while to take a step which would at least have been a welcome act of courtesy, and perhaps, an important political gesture.

BRITISH SHIP SAFE

LONDON, July 16 (Reuter)—News was received in London yesterday that the British merchant ship Guido, of 3,821 tons, arrived safely in Freetown, Sierra Leone. About a fortnight ago, it was reported that the Guido had been attacked by a U-boat in the Atlantic.

13 British Ships Sunk By Enemy

NAZIS LOSE OVER 240,000 TONS

LONDON, July 16 (Reuter)—The Admiralty announce that during the week ending midnight July 12, 23 British, Allied and neutral ships were lost, with a total tonnage of 114,000 tons, of which 13 were British, three Allied, and six neutral.

With more violent and more frequent air attacks, and greater submarine activity, the losses are considerably greater than the previous week.

It is pointed out that losses in shipping come in waves and depend mainly upon the number of submarines operating and the intensity and frequency of air attacks.

With Germany occupying the French coast such attacks are likely to increase.

British Wireless states the losses are above the average for the past 44 weeks but about one-half of the highest total reached in any one week during the present war.

Measured in terms of tonnage nearly 100,000,000 gross tons of shipping have been escorted by E. M. ships since the war began representing a cargo carrying capacity of approximately 150,000,000.

The tonnage of the 13 ships lost is about one-quarter per cent. of the gross tonnage conveyed. German mercantile losses up to July 15 amount to approximately 244,000 tons.

New Zealand War Cabinet

WELLINGTON, July 16 (Reuter)—The War Cabinet formed in New Zealand, includes two members of the Opposition.

The Cabinet include Mr. E. Fraser, the Prime Minister, Mr. W. Nash, Finance Minister, Mr. F. Jones, Minister of Defence and the "Post Master General, Mr. Adam Hamilton, Leader of the Opposition, and Mr. J. E. Coates, the former Prime Minister.

Eden Assures Commons Defence Schemes Have All Protective Measures That Are Practicable

LONDON, July 16 (Reuter)—In the House of Commons, during question time, Mr. Anthony Eden, the War Secretary, said it was very undesirable to make a public statement about the details of the defence schemes, but he assured the House that plans included all protective measures that were practicable and made the best use of the country's resources.

Local defence volunteers were encouraged to use their own initiative and military knowledge, but independent construction of the defence works, except in conformity with the general plan, could do more harm than good.

In some cases private individuals had erected defence works without consulting the military authorities, and many of them had to be dismantled as they were ill-sited.

A member suggested that 1,000 German cyclists were riding over the country, local defence volunteers would not have time to consult the military authorities.

Mr. Eden: I don't share his apprehension for the 1,000 German cyclists or of a much smaller number.

Mr. Eden was also questioned about aliens aboard the ill-fated Arandora Star.

JAPANESE CABINET RESIGNS: SERVICES DECIDE TO FAVOUR "NEW POLITICAL STRUCTURE" ADVOCATED BY PRINCE KONOYE

Yonai Government Has Struck A Snag

TOKYO, July 16 (Reuter)—THE JAPANESE CABINET, under Admiral Mitsumasa Yonai, which took office on January 14 this year in succession to the Cabinet led by General Nobuyuki Abe, has decided to resign.

It is learned that when the War Minister, Gen. Shiroku Hata, called on the Prime Minister, before the Cabinet resigned, he told Admiral Yonai that the Army and Navy had decided to favour the movement for a "new political structure."

Events leading to the resignation of the Yonai Government are described by the Domei Agency which states:

"Following a conference between three important Army chiefs—Chief of the General Staff, Superintendent-General of Military Education and the War Minister—the War Minister paid a visit to the Prime Minister."

He was reportedly to have told the Premier that the Cabinet's co-operation in the formation of a new political structure was "rather different" and tendered his resignation.

INTENDED TO REMAIN

The Agency continues that Admiral Yonai had intended to remain in office and invited the War Minister to name his successor, but the Minister and the Army chiefs have decided not to recommend his successor. Consequently, the Premier decided to resign.

The Yonai Government has struck a snag in forming the new national political structure, which was advocated by Prince Konoze and others, who envisaged it as a means of pulling Japan successfully through her period of emergency.

ANOTHER RAID ON TOBRUK

BOMBS BURST IN TARGET AREA

CAIRO, July 16 (Reuter)—An R.A.F. communiqué states: "Another successful raid was carried out on Tobruk. Many bombs burst in the target area, two large naval oil tanks suffering direct hits. The second explosion was much bigger than the first. Five enemy bombers were destroyed by fighters of the British Fleet in the Mediterranean on July 9, according to a naval communiqué, relating to the action against the Italian Fleet off Calabria. At least 15 others were shot down by A.A. guns."

CHUNGKING AWAITS BRITISH REPLY

CHUNGKING, July 17 (Central)—THE NATIONAL GOVERNMENT IS AWAITING A REPLY to the strong protest it sent to London regarding the closure of the Burma Road. It is learned here.

In the meantime, Press comments in the war-time capital continue to be severely critical of the British attitude, both the official Central Daily News and the influential Ta Kung Pao devoting new leading articles to the question.

U.S. Informed Of Chinese Protest

WASHINGTON, July 16 (Reuter)—The State Department has been informed of the strong Chinese protest to Britain against the closing of Burma Road, for three months if Japan would agree to use this time to seek peace with China.

The United States are keeping officially aloof from the situation, but the motivating troubles of Britain has aroused sympathetic interests here. Britain is understood, however, to be keeping the United States closely informed of her actions and criticism is absent in official quarters.

There is no indication that the United States Government is ready to alter its own policy as a concession to the peace efforts. Yet there is an apparent disposition, sympathetic with Britain's desire to avoid serious friction with Japan, during the present critical European situation.

NO COMMENT

Mr. Cordell Hull and other officials decline to comment, but one important condition of any peace negotiations in the view of the United States Government, is said to be Japan's respect for the political independence and freedom of China. At the same time, while Japan is believed to be anxious to end the war, it is thought that she would hardly do so without obtaining a special position in China.

Big Reserve Stocks Of Coal

LONDON, July 16 (Reuter)—The Secretary for Mines, Mr. D. Grenfell, told the annual conference of the Mineworkers' Federation that great reserve stocks of coal are being built up in this country.

"I hope to see 20,000,000 tons stacked before the winter," he said.

The stocks would be as near as possible to the main points of consumption, and large quantities are being transferred from Durham to London.

Long Island Yachting Begins

Rye, N. Y.—In an easterly wind, with fog and a jumpy sea, the Summer season of the Yacht Racing Association of Long Island Sound opened with a regatta at the American Yacht Club.

Among the craft in the van after wet going through the muck were Harold S. Vanderbilt's 12-metre Vim, which cleaned up in English waters last year, and Walter Rothschild's yawl Avanti. Vim had more than a three-minute margin over her rivals after 21½ miles, which was more than enough to soak all on board, while Avanti won by a handicap margin of only 10 seconds over Le Coursey Pales's schooner Nina, which finished ahead of her.

The fleet was cut down to forty-six starters by the weather, small craft holding snug in harbours. Off first were the 12-metres. Along with Vim were F. T. Bedford's Nyala, last Summer's Sound champion, and the Northern Light, now owned by Van S. Merie-Smith. She took the Sound title in 1938, the year she was built. Nyala had her new metal mast with bar rigging like Vim's.

VIM FIRST

Vanderbilt drove Vim first over the line, with Northern Light astern of her and on Nyala's weather. Vim and Northern Light went windbucking, while Nyala tacked inshore, eventually getting the first of the ebb tide to set her on a long weather leg over to Lloyd Neck, east of Oyster Bay. The second mark was at Great Captain Island, off Greenwich.

Nyala finally turned and went over on a long port tack with the others. There the wind hauled a bit to her disadvantage, and as it did so the fog thickened. Close by the shore was blotted out.

Whether it was fog or the opening of the season, there was confusion in several classes and numerous cases of sailing wrong courses, making the day's work add up to naught.

Stanley Ogilvy crossed the finish line in his star boat Spirit and hailed the fact that he had gone wrong. The Star winner was the alert Arthur Knapp with his Corliss, who asked for a race circular of the courses just before his start.

In the International Class, Bud Moxham, with his Maid of Honour, defeated the Feather, sailed by Bill Cox. Bill Corwin sailed a fine race with his Atlantic Rose. Other winners were L. M. Rake's straw Victory Class sloop Jimmie, Bill Crow's Coastwise single-sticker Barbara, James Heroy's Interclub Spindrift and Walter Voelbel's Class B craft Elaine.

MUST RETURN TO SHANGHAI

A young woman who came to Japan with her lover, the assistant manager of a certain concern in Fukui-ku, will not be allowed to stay in Japan longer than 30 days and will be sent back to Shanghai shortly.

The woman, daughter of a physician in the international settlement in Shanghai, was assisting her father until she met the man, who was there on a business trip recently.

They fell in love and came to Japan together on the 18th, but as the man is already married to a woman in his native land, they will not be recognized as a married couple in Japan and consequently, she will not be able to stay here.

On the 17th, she came to Kobe from Nagasaki and appealed to the Sanmomiya Foreign Section, but according to the law, they are unable to do anything, and she will be deported when her 30 days expires.

Dispute Over A Lighter

An action seeking two declarations in connection with the partnership and ownership of a lighter was brought before His Honour the Chief Justice, Sir Atholl MacGregor, at the Summary Court yesterday.

The action was brought by Yim Kwan-yun, who was represented by Mr. D. J. N. Anderson, instructed by Mr. B. C. Hobbs. The defendant, Lo Chung-man, was not legally represented and did not appear to defend the case which had been proved. Judgment, for plaintiff, was given. The plaintiff and his brother entered into partnership with one Chiu Chek-pui and purchased a steamer for the purpose of trade in China. The vessel was bought at Canton and was taken to Hongkong for repair in 1936. The business did not start owing to the Sino-Japanese hostilities.

Chiu, however, took the vessel to dock and had it dismantled and altered into a lighter and following the work an action was taken out by the plaintiff and his brother against Chiu because the work had been done without their consent. In the meantime, Yim's brother died before the action was heard.

Following the case Chiu sold the vessel to one Chiu Chung-tong, who in turn transferred the ownership to Lo Chung-man, the present defendant, for the sum of \$18,500.

FRENCH STATEMENT REFUTED BY THE ADMIRALTY

Inaccurate And Misleading Tale About Action Against Fleet

LONDON, July 16 (Reuter).—A statement is alleged to have been issued by the French Legation in Dublin last night alleging, inter alia, that after the signature of the armistice with Germany and Italy the French Government was never approached by the British Foreign Office or the Admiralty in regard to the future fate of the French Fleet, and no explanation was asked in regard to the interpretation of the armistice clause relating to the future of the Fleet.

The statement goes on that when it was attacked, none of the French ships in Oran was in a position to manoeuvre or fire.

The statement is the subject of an Admiralty communiqué which says that parts of this statement are so mischievous that it was considered desirable to make the following comment:—

FIRSTLY, BY THE TERMS of the Armistice, the French Fleet was to assemble at ports under Italian or German control, and demilitarised except in the German terms, "those ships necessary for watching the coast and minesweeping," and the Italian terms, "except units which the Italian or German Governments design for the protection of French colonial interests."

Whatever interpretation the French Government may have given to these terms, it was clear to the British Government that the Germans and the Italians had thereby provided themselves with excuses for keeping the whole French Fleet in a state of readiness for action against us when they wished.

FRENCH SHIP READY SECONDLY, REFERRING TO the action in Oran, shortly after the arrival of the ships carrying the British proposals the French warships began to prepare for sea and battle. Lengthy negotiations ensued and it was not until eight-and-a-half hours after the French had begun preparations that the British opened fire. The French rebelled within five minutes and not long after the French ships began moving out of the harbour. During the afternoon our aircraft were attacked by a total of 21 French aeroplanes.

CHINA WILL FIGHT ON

NO THOUGHT OF INTERMISSION

LONDON, July 16 (Reuter).—A manifesto was issued at the close of the conference of the Kuomintang (Chinese Government Party) at Chungking, which reaffirms the "fixed National policy of carrying on the war without any thought of intermission until the enemy is driven from our soil," according to an official Chungking telegram received in London.

The manifesto proceeds to declare: "If Japan, having set out on her course of boundless and selfish ambition, is not checked, no other nation in the world will be able to preserve its rights and status in the Pacific and Indian oceans."

"All countries in the world must recognise in Japan a common enemy and, consequently, the close relation between our resistance and world peace."

"Our three years of resistance have caused the enemy's strength rapidly to decline. The foundation for our victory is firmer than ever. Henceforth we must intensify our political, economic and military struggle, acting with especial heed for what the Generalissimo calls the 'militarisation of all conduct'."

HOW BRITISH FORCES MET THE ITALIANS

Enemy Turns Tail After Short Encounter

LONDON, July 16 (Reuter).—An account of how the British forces met the Italian Fleet in the Mediterranean on July 9 was given in an admiralty statement last night.

It says that contact was made by a squadron of British light cruisers attached to the force guarding the convoy, with an enemy cruiser force which returned immediately on coming within the extreme range of our supporting battleships. From this point the action developed into a chase.

A few salvos were exchanged between the battleships, and one hit with a fifteen-inch shell was observed on one of the Italian battleships before the enemy force escaped through a smoke screen laid by their destroyers. The destroyers also returned at full speed through the smoke-screen before our light forces could close the range sufficiently to damage them.

FORCED HOME ATTACK Swordfish aircraft of the Fleet Air Arm forced home the attack in the face of heavy anti-aircraft fire and scored a hit on an enemy cruiser. The enemy was pursued until the British Fleet was in sight of land and, though our forces remained to offer battle until the evening, despite a succession of bombing attacks by large forces, the Italian aircraft enemy did not offer to renew action. When it became evident that the enemy had no further intention of joining battle, our forces continued their operations.

ROUND THE POLICE COURTS

AT CENTRAL

RECEIVING STOLEN PROPERTY

Four months' hard labour was imposed on Ho Sing, 37, described as a salesman, when he appeared before Mr. R. Edwards at the Central Magistracy yesterday on a charge of receiving \$70 knowing same to have been stolen. He was also recommended for banishment.

Det.-Sgt. J. R. Sykes, prosecuting, stated that the money was part of the proceeds of a robbery at No. 17 Wing Wo Street when \$2,432 in Hongkong currency, \$120 National currency and a gold pocket watch was stolen.

"He said that the complainant, Chuen Chi-wan, master of the Yu Shing Import and Export Company, went to bed on July 9 and hung his jacket, containing the money and watch, on the partition behind the bed.

When he woke up the following morning the jacket was found to be missing. A 18-year-old boy, who also lived at the house had disappeared.

A report was made to the Police and on information defendant was arrested at a house in Second Street on July 14. He stated that he was a clansman of the juvenile and that the boy was living at the Tai Koon Hotel in Des Voeux Road Central.

The boy was then taken into custody. He admitted the theft and had in his possession \$2,170.60 and the watch. He also produced a gold ring which he had bought for \$50 and stated that he had given \$70 to the defendant.

Before Mr. H. G. Sheldon at the Juvenile Court yesterday the lad was convicted and remanded for 24 hours.

ALLEGED EMBEZZLEMENT

Hearing was further adjourned to July 25 at 2.30 p.m. when Chan Ping-tong 38, appeared before Mr. H. G. Sheldon at the Central Magistracy yesterday on 12 counts of embezzlement of money totalling \$49 and of larceny of motor accessories.

Evidence from five witnesses was heard yesterday.

Several Pleas Of Guilty At July Sessions

ARMS, ROBBERY, ASSAULT

The July Criminal Sessions commenced at the Supreme Court yesterday afternoon when the Chief Justice, Sir Atholl MacGregor, passed sentence on several accused who pleaded guilty.

Two deportees, Chan Yu and Ip Kwong, who were banished from the Colony for life in 1939, were each sentenced to 12 months' hard labour.

Similar sentences were imposed on Hui Chau-yin and Mak Chung who pleaded guilty to a charge of unlawful possession of arms and ammunition. The men were arrested by the police in Un Long on May 28 with a revolver and three rounds of ammunition on their persons.

"I should like to say to you, and others of like mind, that at times like this, when not only your country but mine is at war, I could not regard carrying weapons as a minor matter. It is all very well to say that you did not know the laws of Hongkong were strict and that these things are winked at in China," remarked Sir Atholl in passing sentence.

A NO GOOD FELLOW

"You are a singularly ineffective fellow, no good for anything. Even when you do get into a house where there were only a widow and a young girl, you could not rob them. Immediately the girl 'bood' you, you ran away—even then you could not run fast enough," said the Chief Justice when he imposed sentence of 18 months' hard labour on Cheung Tak, who pleaded guilty to a charge of assault with intent to rob.

Cheung was arrested after he had assaulted Chau Man, widow, and Leung Lai-hing, in Kowloon, on June 26, with intent to rob.

When asked for an explanation Cheung said, "I have no food."

The Chief Justice: You look well nourished.

Accused: I have been in custody for well over a month.

ATTACK ON WOMAN

"Another of these brave, brave men this country is so full of," said the Chief Justice to Chau Ki, who pleaded guilty to robbery with violence. "You attacked a lone woman on a staircase. Even when you did get her in the staircase you could not make a good job of it."

"I am very sorry to say that you are not physically fit for a good thrashing."

Sentence of two years' hard labour, with 12 strokes of the cane, was imposed.

PRISON AND "CAT"

Chan Ho, Man Pak and Yuen Fu pleaded guilty to robbing Chan Kan-lan of a gold ring, Chan King, of \$390 Chinese money, and other gold articles.

Chan Ho, who was certified to be in a weak condition and not fit for the "cat" was given a term of two-and-a-half years' hard labour.

The other two defendants were each sentenced to two years' hard labour and 12 strokes of the "cat."

Two pieces of jade, from a widow named Ng Lin, 56, in Pel Ho Street, Shumshuipo, on Saturday, two men, Lam Wah-sang, 21, and Cheung Shi, 20, received sentence each of six months with hard labour when they appeared yesterday before Mr. Q. A. A. Macfadyen at Kowloon Court.

It was stated that with two other men they had forced complainant to give up her handbag. A third defendant, Pun Ting, 54, a married woman, charged with receiving \$200, the gold chain and earrings and the two pieces of jade, was fined \$200 or six weeks in prison.

POSSESSION OF ARMS

Wong Kong, 25, master of trading junk No. T781H, was fined \$30 by Mr. E. Himsforth at Kowloon Court yesterday on a conviction for possession of arms and dangerous goods aboard his vessel at Shaikwan Harbour on July 11, without permission from the Hon. Commissioner of Police.

Wong was charged with possession of one rifle, 93 rounds of rifle ammunition, four dynamite bombs, 23 sticks of dynamite, 32 detonators and two coils.

ALLEGED MURDER

Yu Pal, 47, ex-Chinese soldier, was remanded a further week in custody when he appeared before Mr. E. Himsforth at Kowloon Court yesterday on a charge of the alleged murder of Wong Ka-yun at the Argyle Street Interment Camp on May 30.

ITALIAN CLAIM UNTRUE

LONDON, July 16 (Reuter).—Authoritative circles in London point out that the long list of place names mentioned in yesterday's Italian High Command communiqué, seem to have been included chiefly in order to impress the Italian home opinion, for all belong to isolated groups and mudhuts, which are entirely without military importance.

In any case their capture is not confirmed. These circles further say that the Italian claim to have cut off the Kenya salient, was absolutely untrue, and attention is again drawn to the fact that all these actions are on a very small scale and are more in the nature of reconnaissance raids than serious operations.

Prevention Of French Credits

LONDON, July 16 (Reuter).—Asked in the House of Commons what steps have been taken to prevent French credits in British banks from becoming available to Germany or Italy through French channels, the Chancellor of the Exchequer, Sir Kingsley Wood, said, "Immediately on the capitulation of the French Government, banks were warned that no withdrawals from French accounts would be allowed, subject to certain well defined exceptions so that the money should not become available to the enemy."

"Trading with the Enemy Act applies to enemy-occupied territory, as well as enemy territory, and by a recent order, it is applied to Algeria, Tunisia, etc."

Mr. Kingsley Wood added that arrangements were being made to enable the French refugees in this country to have access to their banking accounts.

Selassie In Vicinity Of Red Sea

CAIRO, July 16 (Reuter).—A state of restlessness among the Abyssinian tribes in the lowlands is reported to be increasing as the result of information having been received that Haile Selassie is at present in the vicinity of the Red Sea.

MAINTENANCE OF PRESTIGE
LONDON, July 16 (Reuter).—The Italian attack at Moyale may be with the object of maintaining prestige in Ethiopia, writes Reuter's Military correspondent.

It was in this region a few weeks ago, that the King's African Rifles raided at various points on the border and caused much unsettlement among the Abyssinian conscripts.

The withdrawal may, therefore, be regarded more so as part of the guerrilla plan, which will continue than as any serious surrender of territory.

NARVIK HEROES HONOURED

LONDON, July 16 (Reuter).—His Majesty the King yesterday spoke to four men who took part in a battle at Narvik and who have been decorated for their valor.

They were two corporals and two privates of the famous Irish Guards.

THE WEATHER

The maximum temperature yesterday was 90 degrees and the minimum 81.

Some local showers are forecast for today.

The Royal Observatory report issued at 5.35 p.m. yesterday stated that pressure remains highest over the Pacific to the east of the Bonins.

A depression is moving eastward over N. E. China.

The Pacific depression is probably about 800 miles to the east of Luzon, moving north-west.

LONDON, July 16 (Reuter).—The Admiralty last night announced the names of five officers, 53 ratings and one Chinese rating missing following the loss of the submarine Grampian, which was announced at the end of June. The list includes Lt. Comdr. J. A. Lowe (the commandant).

Formation Of
Protection
CorpsSHOP EMPLOYEES
AS RECRUITS

Inquiries made from an official Chinese source last night with regard to reports of the proposed formation of a Protection Corps, to be recruited from Chinese shop employees, brought a denial of the accuracy of reports on the matter that have so far appeared.

It was pointed out that plans for the formation of such a Corps were being considered by the Commissioner of Police, but it was inaccurately stated in reports that have been published that the decision to organise such a Corps followed proposals from the Chinese General Chamber of Commerce.

A letter in regard to this matter appeared yesterday in an issue of the Kung Sheng Yat Po, over the signatures of the four unofficial Chinese members of Council, acknowledging an offer from the Chinese General Chamber of Commerce of full co-operation with the authorities in the formation of a special Protection Corps.

CHAMBER CONGRATULATED

The letter stated that the very proper motives of the Chamber were worthy of appreciation. The Chamber was to be congratulated on its suggestion for augmenting the strength of the police reserve, but details of such co-operation had already been discussed by Government and the unofficial

Fire Aboard
Passenger
Boat

Suffering from burns to her face and body, a young woman, Lo Sai, 24, was admitted to the Kwong Wah Hospital yesterday. The burns were sustained in a fire aboard passenger boat 5798A at 1 a.m. yesterday.

The boat was anchored off the Hol On Wharf, near the Western Market, when the heavy seas caused a kerosene lamp to drop from the conning tower on to the roof of the cabin, setting this alight.

The fire penetrated to some bed sheets in the cabin when Lo Sai and another woman, Kwok Hui, 29, suffered burns.

BURNED BY HOT
WIRE

A Shanghai Chinese, Shum Cheung-wah, 24, seaman on board a tug boat, was admitted to the Tung Wah Hospital, Eastern Branch, yesterday, suffering from burns to his left elbow.

The burns resulted from his being struck by a piece of hot wire while the boat was moored alongside the Royal Naval Dockyard wharf, Hongkong, about noon yesterday.

Chinese members of Council. The whole plan of such co-operation from the Chinese community was being worked out by the Commissioner of Police who would naturally invite also the co-operation of Chinese merchants.

THE BURMA ROUTE:
CHINA'S CONCERN

THE CHINESE GOVERN-

MENT is naturally most concerned over the negotiations which are now in progress between Britain and Japan in connection with the Burma Route, the closure of which has been demanded by the Japanese. The Chinese anxiety, however, appears to have been mainly based on reports which have emanated from Tokyo to the effect that the British Government has agreed in principle to the Japanese demand. There is, nevertheless, considerable misapprehension over the real position of the talks now taking place on this important subject and Japanese propaganda which has been issued on the question furnishes yet further proof of the questionable diplomatic tactics which Japan is using to influence world opinion against Britain. Reaction to this propaganda has already become evident in the United States, where newspapers, basing their comments on these unconfirmed reports, have criticised the British attitude in the negotiations as indicating a gesture of appeasement towards Japan. Far Eastern diplomatic circles in America have even gone further in their condemnation by hinting at the possibility of a "Munich in the Far East."

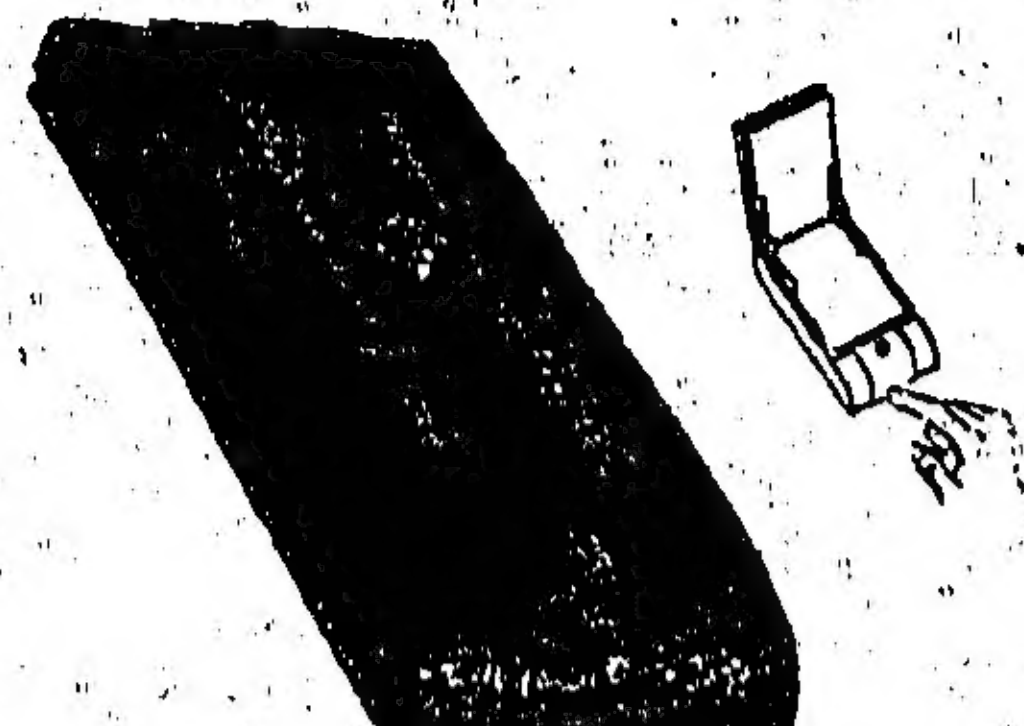

NOTHING, however, has been officially announced either from London or from Tokyo, where the British Ambassador is conducting negotiations with the Japanese Government. Until such a statement is forthcoming, therefore, all reports relative to this question must be treated with reserve. Above all, it must be remembered that Britain has repeatedly given the Chinese Government an assurance that she will do nothing that will impair or hinder the gallant resistance which the Chinese are putting up against their Far Eastern aggressor. Apart from this, the British Government has in recent times firmly indicated that she will not allow her policy in relation to Far Eastern affairs to be influenced by bluster or threats. Unfortunately, Britain's preoccupation over the danger threatening her own safety and security has prevented her from continuing the help that she has given China in the past, but much as she would like to see the hostilities in the Far East terminated, Britain would oppose any settlement that might jeopardise China's independence and integrity.

THE JAPANESE allegations, therefore, that material assistance to the Chinese forces is still passing over the Burma route are totally incorrect. Any closure of this highway, from the British point of view, is hence unnecessary and a decision to suspend traffic on the route temporarily—for three months, as one report suggests—will in no way affect China to her disadvantage. The interpretation placed on the reports that the closure of the

Burma route will finally strangle Chinese resistance is typical of Japanese propaganda and is merely meant to create uneasiness among the Chinese and impair the traditionally friendly relations between the stronghold of democracy in the west and Britain's surest ally in the Orient. The Burma Route question is, moreover, only a side issue to many important considerations in the Orient at the present time and no policy of appeasement will be allowed to handicap Britain's position of being the champion of liberty and independence in the world today. The Prime Minister, in his broadcast speech on Sunday night, made this perfectly clear.

THE ASSURANCES which the British Government has given to her allies and sympathisers the world over will be sincerely kept and neither the Chinese people nor any other races in the Far East, who have looked to Britain for protection, need have any fears that aggression will be allowed to dominate their national existence. The Chinese people particularly have done a signal service to Democracy by the heroic manner in which they have defied the forces of aggression in the Far East. They were the first of the young nations, which are shaping their existence on democratic principles, to oppose Japan's selfish aims at domination in East Asia and they provided the western powers with an inspiring example of real unified spirit and determination. Britain is deeply conscious of this service and is prepared to honour her pledged word under all conditions, confident that brute force will finally have to give way before the claims of right and justice.

Interesting
Film Shown
To RotariansARMY TRAINING
IN CHINA

An interesting film depicting war-time industries and military training in the interior of China was shown at the Hong Kong Rotary Club weekly luncheon yesterday.

Mr. David Griffin, President of the World Travel Club and Programme Representative of the Radio Station WHO, Des Moines, Iowa, who took the scenes, gave a running commentary.

Mr. Griffin, who is from Los Angeles, recently arrived here on a round-the-world tour, making radio and motion picture travelogue. He is leaving very shortly.

The first part of the film showed the progress of industries in war-time China, mainly depicting the Chinese Industrial Co-operatives which was instituted in the villages in Free China.

CAN CARRY ON

Judging from what he had seen, Mr. Griffin said that he agreed with remarks made by Chinese that even with the closure of the Burma route, China could still carry on for at least a year with the vast quantity of raw materials.

The second reel dealt with training in Chinese military academies. The speaker commented that there were many academies in China and could turn out trained officers 30 to 40 thousand a year for the front.

The film also depicted cadets in field training and Generalissimo Chiang Kai-shek reviewing troops on the occasion of Graduation Day.

Mr. Douglas Hay, assistant engineer on a Butterfield and Swire ship, was reported to the police last night as having been located. He had been missing from his ship since 7 a.m. of Sunday.

NATHOR, 34, is reported to have been missing from his ship since 7 a.m. of Sunday.

DEMOCRATS PRAY PRESIDENT ACCEPTS NOMINATION

"We Want Roosevelt", Voice From Gallery

CHICAGO, July 16 (Reuter).—"We are praying and hoping that the man who can keep the White House as a lighthouse for humanity will accept another nomination. We must draft for President Roosevelt," declared Mayor Kelly of Chicago at the opening of the Democratic Party Convention. His address was greeted with cheers.

As Mr. James Farley, Postmaster-General and Chairman of the Party's National Committee, called for order at the opening of the Convention a solitary voice from the gallery yelled "We want Roosevelt."

The President at that moment was quietly lunching with Mr. Cordell Hull in Washington.

The proceedings opened with prayers during which a clergyman said, "May our country of freedom ever be a beacon light to all the world." Then a tenor singer rendered the Star Spangled Banner.

After Mayor Kelly's address, Senator Lucas, representing the Governor of Illinois, expressed the confidence that the "Convention will not only meet the high hopes of the people in Illinois and America, but that all liberty-loving people throughout the world will be heartened and encouraged to know that Democracy in America continues to reign supreme."

NORMAL PROCEDURE

At a press interview before the Convention Mr. James Farley declared that he believed that the normal procedure should be followed, namely that nominations and a roll-call by the States should be held and, finally, the choice of a nominee should be unanimous.

He did not know what Mr. Roosevelt's attitude will be if the minority voting for other candidates should be large.

From this journalists deduced that Mr. Roosevelt's readiness to accept a third term might have been made conditional on evidence of unanimity of the Party.

The Convention went into recess after 46 minutes until 1 a.m. (G.M.T.) on Tuesday.

SYMPATHY WITH BRITAIN

CHICAGO, July 16 (Reuter).—Delivering the "Keynote" address on the opening day of the Democratic Party Convention here last night the Speaker of the House of Representatives, Mr. William Bankhead, said that his party should declare, inter alia, that "we do not propose to appease those aggressors whose doctrines are to wage war on every principle of liberty."

Mr. Bankhead, who had been mentioned in some quarters as a possible candidate for the Vice-Presidency, added that the party platform should also declare sympathy with the British Commonwealth in its struggle for life.

The Speaker added: "We should furnish them (the British) with every possible material assistance to our power within the limits of our law, and short of war."

Mr. Bankhead denounced as calumnies the charge made by some Republicans that the Democratic Party was trying "slyly and covertly to lead the United States into war" and a war which had developed despite their efforts.

UNITY AND SOLIDARITY

Mr. Bankhead urged both political parties to their recriminations and personal animosity, and urged a campaign for "unity and solidarity of purpose in preserving the inviolate structure of our government and the perpetual freedom of our people."

Turning to the Democratic Party's domestic record, Mr. Bankhead enumerated the major legislative accomplishments of the New Deal and recalled that the Republican Convention had not urged the repeal of any of them.

Dealing with defence, Mr. Bankhead asked that "with the invasion of Norway, Belgium, Denmark and the Netherlands, how many of us realised the full port of events overseas, prior to that invasion?"

TRIED TO ABUSE AMERICA

He added: "There was one voice, the voice of one crying in the wilderness, that long had tried to abuse America to world reality. Almost alone he foresaw the present situation. That man was the President of the United States."

Mr. Bankhead declared that by contrast with the retrogressive Republican record, the Democratic

regime had embarked on an almost unprecedented naval programme, a big expansion of the standing army and had expressed a determination to produce 50,000 aeroplanes a year.

Replying to the Republican charges that President Roosevelt had "meddled in European affairs," Mr. Bankhead said President Roosevelt had only appealed for the preservation of peace, against the spread of war and on behalf of humanity.

WAR NOT DESIRED

"So anxious has the executive been to prevent the spread of war in America that he has sued every possible appeal and prayer in the name of humanity against the spread of such horrors as have now devastated so many unoffensive free peoples. Never at any time or place has he suggested our entrance into the European war and never has any responsible leader of our Party advocated such participation."

"The Democratic members of Congress are unanimously opposed to sending an American Army to European or Asiatic battlefields."

Mr. Bankhead conceded that the Democratic Party's record was not unmarred by "temporary errors" in policy, but it was too much to hope that there would ever be infallibility in political action.

WITHDRAWAL AT MOYALE

NAIROBI, July 16 (Reuter).—A special communique says: "Our garrison in the British Moyale, which has been surrounded for the last five days, withdrew last night according to plan and without any incident."

TWO GERMAN PLANES IN TWENTY MINUTES!

South African Pilot Does An Excellent Job

LONDON, July 16 (Reuter).—An account of how he shot down two German bombers within 20 minutes was given in a radio talk yesterday by a young South African pilot.

His squadron saw its first German plane as recently as May 25, he said. More recently, he was on patrol between Dunkirk and Boulogne with three other Spitfires when they ran into 30 German bombers.

A few seconds later, they found that the bombers were protected by M-109 and M-110 fighters. They plunged into battle and returned home later with several bombers to their credit.

This sort of thing lasted for eight days, at the end of which they had brought down about 30 enemy planes, tearing into enemy formations, breaking them up and shooting them out of the sky.

One night recently, German planes were dropping bombs on south-east England. His squadron commander asked for permission to send up one Spitfire. He got this permission, and the young South African went on.

MIDNIGHT ATTACK

As he took off at 12.20 a.m., he saw one raider held in a beam of search-light. Others were further away but anti-aircraft defences were dealing with them. He shot up towards the German machine. After dropping its bombs, the German plane turned away towards the sea.

The Spitfire got close to its tail and fired at short range. When he was only 50 yards away from the German machine, the South African found his wings filled with oil from the German's tank and engines.

The raider fell off towards the sea, obviously done for. It crashed

AID TO ALLIES IS FAVOURED

NEW YORK, July 16 (Reuter).—Over 90 per cent of the advance guards of Democrats arriving in Chicago for the Party Convention are in favour of some degree of aid to Britain, according to a poll taken in Chicago, states a "New York Times" despatch.

Some Democrats expressed themselves in favour of aid being given with special units such as navy or air force, or placing port facilities at Britain's disposal. The Committee to Defend America by Aiding the Allies conducted the poll.

The Committee points out that a similar poll taken in the recent Republican Convention in Philadelphia showed that only 45 per cent of those polled favoured giving help to the Allies by war.

CONVENTION OPENS

CHICAGO, July 16 (Reuter).—The Democratic Convention opened here yesterday at 5.05 p.m. (G.M.T.).

U.S. And The Far East

WASHINGTON, July 16 (Reuter).—The United States continues to pursue a separate and independent policy in the Far East, Mr. Cordell Hull, Secretary of State, told press representatives yesterday, in commenting on the reports of the British efforts for peace between China and Japan.

Shortly before the press conference, Mr. Cordell Hull saw Lord Lothian, the British Ambassador, but there was no indication that the Far Eastern situation was under discussion.

No War Won On Battles Alone

LONDON, July 16 (Reuter).—Commenting on the situation of the Axis Powers, the Yenisabah Istanbul, on July 12, states:

"Germany may be bedagged and bells rung likewise in the occupied coast from the Arctic Ocean to Spain, but no war is won on only battles and the results of these are being compromised by the British forces, especially the Air Arm. 'The Germans are plunged into thought and are uncertain of what to do. The Italians dare not show themselves in the Mediterranean. 'Winter is approaching and is dreaded by Europe, but mostly by the Italians and Germans who pose as the victors. Hunger cannot be satisfied by the sound of bells. The Italians and Germans have lost all their sea trade and Europe is isolated by the British Navy. 'The future is sombre; a cloud is hanging over Germany and Italy. The latter with hands hanging weakly by the side, must confront the British lion which is growing stronger and roars defiance.'"

CURACAO AIR-RAID SHELTERS

The first air raid shelters to be installed in the Western Hemisphere are rapidly being erected at Curacao, Netherlands West Indies.

The shelters about ninety in number are strategically located throughout the thriving Dutch "Caribbean" possession and although the citizenry of the oil refining centre are inclined to treat the precaution lightly, local military authorities regard the shelters as being essential despite the fact that the potential enemy is over five thousand miles distant.

That the Dutch experienced early fears of being drawn into the present European conflict is indicated by the fact that all ninety air raid shelter sheds were manufactured in Holland last year and bear stencil marks showing that they were produced in October, 1939.

DRILLS CONDUCTED

Blackouts and air raid drills are being conducted at regular intervals and posters explaining the necessity of the blackouts are displayed conspicuously in government buildings, banks and institutions.

Curacao while predominantly a Dutch possession has always been extremely cosmopolitan. Of late because of the tensions existing between Germany and the Netherlands there has been great exodus of German workers at the refineries. During the early days of the war Germans eligible for service were called back to the homeland.

Men leaving Curacao the past three weeks were exempt from duty and according to local authorities these men and their families were discouraged from remaining on as employees of the Dutch owned refineries.

The real fear of air raids in Curacao is not the damage done by the bombs themselves but of the counter explosions that would follow should a bomb strike any one of the hundreds of storage tanks containing millions of gallons of highly explosive gasoline in the refinery premises.

Four Dutch destroyers and three submarines patrol the waters surrounding Curacao and the British and French navies are constantly in the vicinity to afford protection to their own merchantmen.

Nanking Nonsense

SHANGHAI, July 16 (Reuter).—The Ministry for Foreign Affairs and Ministry for Publicity of the Nanking regime jointly issued the following communique yesterday: "Since the third session in the negotiations for the re-adjustment of relations between China and Japan representatives of the two countries have held many informal meetings during which frank views were exchanged."

The fourth session opened today at 9 a.m. and was adjourned at 11.30 a.m. It was devoted to examining the fundamental points relating to the readjustment of Sino-Japanese relations.

STRIKING POWER OF GERMAN AIR FORCE GREATLY REDUCED AS— ROYAL AIR FORCE PRESS HOME BOMBING ATTACKS

Enemy 'Dromes And Seaplane Bases Suffer Damages

LONDON, July 16 (Reuter).—The Ministry for Home Security announces there was little enemy air activity in south-west England and South Wales yesterday afternoon and a few bombs were dropped. No casualties were reported and the damage was slight.

"Twenty-two enemy aerodromes were bombed during the past two nights," according to an Air Ministry communique.

The communique adds: "Last night strong forces of R.A.F. bombers again attacked various objectives in Germany including an aircraft factory in Bremen, aircraft stores at Paderborn, east of the Ruhr, and Diepholz, north-east of Osnabruck, oil plants at Gelsenkirchen, oil refineries at Hamburg and Bremen and goods-yards at Hamm and Soest. Fires and explosions resulted and considerable damage was done."

"Other forces of R.A.F. bombers attacked a number of aerodromes in Holland and north-west Germany. Aircraft of the Coastal Command last night attacked an oil storage depot at Ghent and set several tanks on fire. From all these operations two of our air craft failed to return."

The success of these attacks, the statement adds, is contributing effectively to the reduction of the striking powers of the German Air Force.

QUEZON SEEKS UNLIMITED POWERS

MANILA, July 16 (Reuter).—President Quezon, in a special message to the National Assembly of the Philippines, requested sweeping powers for himself, including the right to commandeer the services of any Filipino citizen in order to meet the serious economic problems resulting from the European war.

President Quezon said that European trade was virtually stopped and export prices in some cases were below the production costs.

FOR THE 1 MAN IN 7 WHO SHAVES EVERY DAY

A Special Shave Cream—it's Not a Soap, Needs No Brush!

Daily shaving leaves many men's faces raw and sensitive. Yet, because of his business and social status, one out of every 7 men must shave every day.

To meet this condition, Williams has now developed GLIDER—a special cream for daily shaving. With no soap base, it's a complete departure from ordinary shave creams. No brush. No lather. Not sticky or greasy.

A superabundance of moisture is contained in this rich cream. It won't dry on your face. Applied with the fingers, it quickly softens each whisker. A protective layer is formed over which your razor glides. Off comes each hair at the base without scraping. Like a cold cream, Glider helps keep your skin smooth all day. Glider is the result of nearly 100 years' experience in making fine shaving preparations.

High Resolve Of Britain

PREMIER'S MESSAGE TO PEOPLE

LONDON, July 16 (Reuter).—The New York Herald-Tribune, commenting on Mr. Winston Churchill's speech, says: "Without hysterical bombast, but with a superb mastery of word, thought and emotion, Mr. Churchill spoke to an embattled British Empire."

"Underlying every word was a high resolve, stern determination and hope; there was never a hint of weakening or possible defeat."

"What was impressive was the atmosphere of imperturbable confidence that clothed it."

"The loyal co-operation of the Empire has given Mr. Churchill in the tremendous task and the preparation still in progress indicates the heartening unanimity of resolve."

"While Britain waits the great storm already breaking on her shores, her people must be comforted to hear their determination to fight without stint or faltering, so worthily expressed."

TIBETAN FLOOD & 'QUAKE

SIMLA, July 16 (Reuter).—About 200 people are believed to have perished in a flood which was accompanied by a slight earthquake that occurred in the Chumbi Valley, in southern Tibet, on last Wednesday. It was learned here yesterday.

A number of villages in the valley south of Yatung are reported to have been washed away. The telegraph line between Yatung, where several houses collapsed and India was destroyed for a distance of six miles.

CHINA AND THE BURMA ROAD NEGOTIATIONS

Chungking Believes Japan At End Of Her Tether

CHUNGKING, July 16 (Reuter)—Chinese circles are indignant over the alleged British appeasement policy towards Japan, saying that it is beneath the prestige and dignity of a great power to forsake the obligations solemnly undertaken during a long standing friendship. They also feel that the appeasement will be futile to prevent further Japanese encroachment on British interests in China and the Far East.

There is a strong belief here that Germany, Italy, and Japan are likely to start a combined offensive against Britain and the British Empire in the different parts of the world simultaneously.

SUDDEN CESSATION
There have been sudden cessation of the Japanese serial attacks on Chungking, leading to the speculation on the causes of this unexpected development.

One theory is that the Japanese are concentrating aircraft in South China to support possible Japanese attack on Hongkong, Indo-China, or Burma.

In a leader entitled "To the British Government and People," the Central Daily News, official organ of the Chinese Government declared:—

"From the standpoint of International Law, Britain is neutral in the Sino-Japanese hostilities. Britain has no right to accept Japan's unreasonable demands. Japan never declared war on China and Japan cannot enjoy the rights granted to belligerents under the International Law.

"How can a neutral country grant Japan rights which are not even permitted to belligerents under the International Law?

"From the standpoint of the League of Nations Covenant and Resolutions, Britain has obligations not to increase the difficulties of China's resistance, but also to give every assistance to China.

"Britain is a Treaty respecting nation and denounces those nations not observing Treaty obligations.

"Britain should not take any action in tearing up Treaties or violating trust. From the standpoint of Britain's own interests, Britain has a firm policy in opposing aggression and helping victims of aggression. If Britain abandons this policy in the Far East, how is Britain to explain herself before the eyes of the world?

MUST NOT BE TRICKED
"British leaders have publicly declared that the war cannot depend on purely material things, and must, instead, rely on moral strength. Is Britain going to destroy that moral strength? Japan's ambitions have no limits. If Britain yields to the Japanese demands, Japan will one day invade Burma and India. The Mukden Incident is a clear example.

"The British Government, under Mr. Winston Churchill, should not be tricked by the Japanese and must not repeat similar mistakes made previously. The British Empire has always placed above everything else the honour of the nation. Because Britain tolerates Japan's unreasonable demands, she loses the sympathy of the world and the friendly nations and also the honour of her nation.

A BARKING DOG
"What gains can she get out of this? Furthermore, toleration not only cannot settle the issue, but will only increase the appetite of the aggressor. The Japanese Government may utter threats, the Japanese Press and militarists may talk about participation in the European War, but a barking dog never bites.

"If Japan really wants war with Britain, British toleration regarding the Burma issue will not prevent Japan from declaring war on Britain. If Japan does not want war with Britain, rejection of the Japanese demands will not cause Japan to wage war with Britain.

ANXIETY TO AVOID WAR
"Japan's anxiety to avoid war with Britain should not be any less than Britain's anxiety to avoid war with Japan. If Japan wants to avoid war with Britain it is not on account of Japan's love for Britain, but because of her exhaustion as the result of the war with China. Therefore, if Britain wants to avoid war with Japan, her course is to give the necessary assistance to China.

"These are our views concerning the Burma Road issue. It must be realized these are not only reasonable but practical, and we are confident that after careful consideration the British Government and people will reach the same conclusions and adopt measures accordingly."

NO OFFICIAL COMMENT

WASHINGTON, July 16 (Reuter)—No official comment is yet available on the speech made two days ago by the Acting Governor of Malaya, Mr. S. W. Jones, who stated that Britain is making efforts to end the Sino-Japanese war.

Informed Far Eastern circles, however, doubt that the Governor's remarks really represent what Britain is attempting to do. They find it difficult to reconcile Mr. Churchill's fighting speech on Sunday with the suggestions that China, who had been resisting manfully for three years, should make peace when Japan is obviously weakened, thus discarding all that had been sacrificed during these three years.

These quarters are asking when the Governor said "Britain is to make every sacrifice to gain victory over Germany" did he mean that China would be one of the sacrifices because Japan threatens to embarrass Britain in the Far East?

BETTER TO HELP A FRIEND

Regarding the suggestion that a large scale settlement would not damage Chinese interest, it is asked if Britain can ensure the evacuation of Japanese from China. The answer is obviously in the negative, these circles add.

Finally they declare it is obviously better to assist a friendly Power to continue the fight against aggression than to return to the policy of appeasement towards the aggressors.

Many Americans are again commenting that Britain, in the Far East is "doing another Munich."

BRITAIN'S TERM TO JAPAN

LONDON, July 16 (Reuter)—Under the terms of the negotiation between Great Britain and Japan concerning the Burma Road, Britain has agreed to close the road for thirty days on condition that Japan tries to negotiate an honourable peace with China. It was stated in London early this morning.

Story Of 20 Damaged Dresses

THEY WERE QUITE FRIENDLY, THEN—

A claim for \$155, value of 20 dresses damaged, was brought by Leung Wai-lan, a married woman, against Li Chung-wing, before Mr. Justice E. H. Williams at the Summary Court yesterday.

The plaintiff was represented by Mr. W. M. Brown, while Mr. M. W. Lo appeared for the defence. The plaintiff, residing in a cubicle in No. 511, Nathan Road, was alleged to have been in intimate terms with the defendant, and the two each held a key to the room.

On May 17, the plaintiff left her room, and left her keys to the servant. During her absence, it was alleged, the defendant entered her cubicle and took away articles without her consent to the value of about \$800.

FOUND DRESSES MISSING
On May 22, when plaintiff returned, she found the article missing and asked the defendant for their return. On the evening of the same day the defendant visited the plaintiff again and a quarrel ensued, during which the defendant was alleged to have assaulted the plaintiff. She ran out to the street to escape from further assault, and on returning found that some pieces of her clothing had been damaged. The matter was taken before the police court, and a settlement was reached. The articles which the defendant had taken from the room had been returned to the plaintiff following the issue of a writ against it.

INTIMACY ADMITTED
In evidence, plaintiff said that she knew the defendant for about

Urban Council Meeting

DR. RODRIGUES ASKS ABOUT REFUSE DISPOSAL

It was revealed at the fortnightly meeting of the Urban Council yesterday that Mr. Tang Shiu-kin, M. B. E., has been appointed member of the Urban Council for a further term of three years.

Dr. A. M. Rodrigues, pursuant to notice, asked the following question:—

1. Succinctly, what is the method for disposal of city refuse on the island?

2. Is it a fact that such refuse is now dumped at a depot on the waterfront in the vicinity of warehouses where edible staple commodities are handled in large quantities?

3. Is it true that at the depot the promiscuous refuse heap is sorted out by scavengers and certain portions reserved for sale while the remainder is transported for dumping outside harbour limits?

4. Will the Deputy Director of Health Services state whether the proximity of refuse heaps to cereals in bulk renders them liable to contamination by flies, or other carriers, prejudicial to Public Health?

5. If the answer to 4 is in the affirmative is it in the opinion of the Director, advisable to recommend some other less objectionable form of refuse disposal?

6. Having regard to existing circumstances and local conditions will the Director recommend for adoption the best practical form of refuse disposals?

INVESTIGATION REQUIRED

Mr. G. S. Kennedy-Skipiton, Chairman, stated that a certain amount of investigation is required and that a formal reply to Dr. Rodrigues would be given at the next meeting of the Council.

The following have been appointed to serve on the Select Committee to deal with applications under the Advertisement Regulation Ordinance No. 19 of 1912 as amended by Ordinance No. 16 of 1940:—

Mr. G. S. Kennedy-Skipiton (Chairman of the Urban Council), the Hon. Mr. H. J. Pearce (Director of Public Works), the Hon. Mr. W. J. Carle (Secretary for Chinese Affairs) and Mr. F. C. Hall.

Five applications, two for eating house licences, one for a restaurant, a food factory and a food shop, were refused. An application for permission to erect a neon sign on the top front parapet of Nos. 28 to 29 Connaught Road Central was referred to the Select Committee.

LICENCES GRANTED

The following is the list of licences granted by the Council during the past fortnight:—

Food Factories 1, Food Preserving Establishments 2, Bake Houses 1, Milk Shops, 1, Swine 6, Eating Houses 1, Restaurants 2. Total 14.

THOSE PRESENT

Present at the meeting were Mr. G. S. Kennedy-Skipiton (Chairman), Dr. N. C. MacLeod (Vice-Chairman), the Hon. Mr. H. J. Pearce (D. P. W.), the Hon. Mr. W. J. Carle (S. C. A.), the Hon. Mr. T. H. King (Commissioner of Police) and Messrs. F. C. Hall, L. C. Bellamy, M. C. A. & Arculli, Dr. S. N. Chau, Messrs. B. Wong Tape, Tang Shiu-kin, M. B. E., Dr. A. M. Rodrigues, Messrs. Li Tse-tung, C. J. Roe (Secretary) and Im Ping-tseung (Asst. Secretary).

Mr. Ralph Lowry, brother of the well-known New Zealand cricketer, "Tom Lowry," arrived at Hongkong by Air on Monday. He is leaving today for San Francisco and will proceed to England.

a year. She told of the assault and the discovery of the 20 dresses damaged to the Court. In cross-examination by Mr. Lo, Leung agreed that she had been on intimate terms with the defendant and denied that the defendant had given her any money. She said that she had supported the defendant.

Asked by Mr. Brown, plaintiff said that she had been giving money to the defendant for expenses and on one occasion she gave \$800 to him and only \$400 of the sum had been repaid.

Hearing was adjourned to August 2 at 11.45 a.m.
